EDUCATION

Rajiv Gandhi Institute of Petroleum Technology, Amethi

B.Tech - Information Technology

2023 – 2027

Amethi, Uttar Pradesh

EXPERIENCE

Intern at Nezuware

Role - Full Stack Developer

Dec 2024 - Jan 2025

Remote

- Built and maintained full-stack web applications using React, Node.js, Express, and MongoDB, ensuring smooth performance and scalability.
- Developed and integrated REST APIs for efficient data exchange between frontend and backend systems.
- Worked closely with cross-functional teams to enhance UI/UX, optimize database queries, and deploy new features in an agile environment..

Intern at Orinson Technologies Private Limited

Role - Frontend Developer

Dec 2024 - Jan 2025

Remote

- Designed and developed responsive, user-friendly web interfaces using HTML, CSS, and JavaScript, ensuring seamless cross-browser compatibility.
- Integrated REST APIs to fetch and display dynamic content, improving client-side functionality and user experience.
- Collaborated with designers and backend developers to deliver optimized, pixel-perfect UI components while managing codebases efficiently using Git in an agile environment.

Social Winter of Code (SWoC'25)

Role - Mentor

Dec 2024 - Present

Remote

- Mentored contributors in Social Winter of Code across two projects, providing guidance on pull requests, issue resolution, and project workflows on GitHub.
- Facilitated discussions and doubt resolution on Discord, enhancing collaboration and knowledge-sharing among open-source contributors.

Open-Source Contributor

Role - Contributor

Sep 2024 - Nov 2024

Remote

- Contributed to multiple open-source projects by developing features, resolving critical bugs, and optimizing codebases using Git and GitHub.
- Successfully merged pull requests in global initiatives like **Hacktoberfest** and **Winter of Blockchain**, demonstrating proficiency in collaboration and version control.
- Served as a **Campus Ambassador** for **GirlScript Summer of Code**, promoting community engagement and facilitating impactful technical solutions.

PROJECTS

CodeLab – Online Code Editor

React, Material UI, JavaScript

Jan- 2025

- Built a React-based interactive coding environment with real-time rendering of HTML, CSS, and JavaScript using an iframe.
- Designed a responsive and intuitive UI with Material UI, enhancing user experience and accessibility.
- Integrated custom theming and syntax highlighting, allowing users to personalize their development environment.

Online Chatbot based Ticketing System

HTML,CSS,JS,Node,Express,MongoDB,Botpress,etc.

2024

- Developed and implemented the frontend interface for a chatbot-based ticketing system, ensuring a seamless and user-friendly experience for online museum ticket bookings.
- Collaborated with backend developers to integrate the chatbot with the server-side functionality, enabling real-time interaction and ticket processing.
- Utilized JavaScript, HTML, CSS, and React.js to build dynamic components, ensuring responsiveness and scalability across multiple devices and platforms.

Mini Projects

Python, JavaScript, HTML, CSS, Bootstrap

2024

- Weather App:** Built a real-time weather application integrating an API for live weather data, with a responsive and user-friendly interface using HTML, CSS, JavaScript, and Bootstrap.
- Snake Game:** Developed a classic snake game using Python and PyGame, featuring dynamic visuals, difficulty levels, and interactive gameplay mechanics.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript

Technologies/Frameworks: HTML5, CSS3, Javascript, React, MongoDB, Express, NodeJS, Bootstrap, MUI

Developer Tools: VS Code, Canva
